

ONnature

PHOTOGRAPHER'S GUIDELINES

What we publish: A full range of articles about wildlife, parks, wilderness areas, environment issues and nature-related activities. We purchase our feature articles from freelance writers; staff and partners write the shorts. View the current and past issues at onnaturemagazine.com.

For the most part, we require photos of Ontario species and locations only.

For reproduction purposes, we prefer high resolution digital images (300 dpi).

We will not knowingly publish photos obtained by the harassment of wildlife or the destruction of habitat.

Please submit images in one of the following ways, and label **photos with the subject matter and your name**. Example: spotted_turtle_Sam_Lockheed

FILE TRANSFER PROTOCOL(SFTP)	MAIL	EMAIL	DROPBOX
Place photos in the folder entitled: ON Nature + date of issue.	Send CDs with the high res photos by traditional mail	Send photos via standard e mail (15MG max per e-mail)	www.dropbox.com/share
Host: ssh.us-02.live-paas.net Port: 22 Username: quiet-thistle PW: ONNature2018!	Noah Cole <i>ON Nature</i> 214 King St. W. Suite 612 Toronto, ON M5H 3S6	noahc@ontarionature.org	Username: noahc@ontarionature.org

Google Drive can also be use to transfer images: support.google.com/drive/answer/2424368
Please share your Google Drive folders with noahc@ontarionature.org

We thank everyone who submits photos but will only contact those whose photos are chosen by the external graphic designer for use in our magazine.

Payment: Payment is made on publication. A low res version of a photo may be used on the *ON Nature* website or social media channels to promote the related article. Photo credits are always included.
